1. **Introduction**

The purpose of this guidance is to set out best practice for children and young people’s services in using the Early Help single assessment, formerly known as the Common Assessment Framework (CAF) across Local Authority boundaries.

It is acknowledged that practice will vary between Local Authority areas. For example, some areas may have multi-agency teams, or a Single Point of Access to their services, others do not. This variation in practice is regarded as a strength, which increases innovation and opportunities for improving service delivery; it is not necessarily a barrier to effective cross-border working.

This guidance will assist children’s services to work in the best interests of children and young people to achieve improved outcomes and fulfil their potential. It is not concerned with maintaining organisational boundaries.

Partners in each Local Authority area will need to promote the guidance and consider how it will be used in practice.

For the purpose of this guide, the term ‘cross border working’ refers to differences in working practice between two Local Authorities that might share a border and positive attempts to resolve working issues that might arise as a result. In many instances, the Local Authority areas will share a border, however there will be exceptions.

2. **Key Principles**

- Any practitioner working with a child, young person or family who identifies an unmet need should consider how best they can meet those needs, regardless of where the child / young person lives, or the location of the practitioner.

- The experience of cross border assessments and service delivery should be seamless for children, young people and families and flexible for practitioners.

- The home address of a child/young person defines the ‘Home’ Local Authority for responsibility regarding processing and coordinating requests for Early Help and single assessments for Early Help.

- The practitioner should check which Local Authority is the home Local Authority for each child/young person prior to initiating any Early help assessments or requests for help / referrals for additional services. Where a child lives in a different Local Authority to that of the practitioner’s agency, they will need to contact the home Local Authority or read these notes for guidance. (Please see page 14 for contact details.)

- Practitioners are expected to travel across borders to attend any relevant meetings including Team Around the Child / Family (TAC/F) Meetings.
• Practitioners are not expected to deliver services outside their normal areas of delivery, unless prior agreement has been made between the practitioner and their line manager.

• Where Schools, Early Years, Youth Services, Voluntary agencies or Health professionals are located in a different Local Authority to that of the ‘home’ Local Authority of the child / young person, it is recognised that there may be difficulties over accessing resources, as means of access and thresholds for services may vary between Local Authorities. Where a child or family is disadvantaged through this process, the case may need to be considered flexibly and individually by all organisations involved in the TAC/F and action plan, across both Local Authorities involved.

• Wherever possible Early Help Managers/Coordinators/Leads will seek to resolve issues by direct discussion or via the Cross Border Working Group.

• Practitioners involved in an Early Help assessment of need or request for help / referral to another service, who identify at any stage that a child or young person is at risk of significant harm, must follow their local safeguarding procedures. It is best practice to inform the child/young person and family that that is happening unless doing so is likely to expose the child/young person to further risk. Practitioners should always seek local advice if they are unsure.

3. What to do if working with a child/young person in:

**Bath and North East Somerset**

• Check whether or not an Early Help Assessment (CAF) has already been completed with the Integrated Working Team in Bath and North East Somerset on 01225 395021.

• If an Early Help Assessment (CAF) is open, then you will be put in touch with the Lead Professional. With parental consent you will be able to access the CAF and join the TAC. If there is a closed CAF, with consent, this may be shared with you.

• If there is no existing Early Help Assessment (CAF) and you have consent, complete an assessment with the parent and child, including contributions from any other agencies.

• Secure signed parental consent and comments, and where appropriate those of the child/young person.

• Send the signed paper copy or electronic version securely to the Integrated Working Team at [earlyhelp@bathnes.gov.uk](mailto:earlyhelp@bathnes.gov.uk) or Integrated Working Team, Bath and North East Somerset Council, Lewis House, Manvers Street, bath, BA1 1JG.
• Assessment and Information Officers will make a response to all cross border Early Help Assessments (CAFs) and will help to identify the next steps including whether a TAC is required and who should chair and coordinate this meeting.

• At the TAC/F meeting the needs will be confirmed, the action plan will be completed, a Lead Professional will be appointed and a review date will be set.

• The Lead Professional will need to discuss support needs with his/her line manager and the management of subsequent TAC/F reviews.

• Further practical support to complete Early Help Assessments (CAFs) can be offered by the Assessment and Information Officers within the Integrated Working Team.

Training
Multi-agency training is available on the Early Help assessment (CAF) and the role of the Lead Professionals/Team around the child for practitioners and Managers.

Bristol

Any concern about the well-being of a child or young person should come through “First Response“. They will be able to assess the referral and ensure it is referred to the correct team. First Response can refer directly to Social Care Units and Early Help Teams.

www.bristol.gov.uk/firstresponse or telephone: 0117 9036444
Anyone who works with children has a role in safeguarding and child protection. Professionals can refer to First Response using the First Response Online Form https://www2.bristol.gov.uk/form/child-or-young-person-request-support-or-report-concern

However, if you are concerned about an immediate risk or harm to the safety of a child it is essential that you phone the First Response Team and share your concerns on 0117 903 6444.

If a child has already had an Early Help assessment in another authority and the child and family are moving, please contact one of the following area Early Help offices to discuss the case before handover.

North Early Help 0117 3521499 or earlyhelpnorth@bristol.gov.uk

South Early Help 0117 9037770 or earlyhelpsouth@bristol.gov.uk

East Central Early Help 0117 9415886 or earlyhelpeastcentral@bristol.gov.uk

**North Somerset Early Help**

Working Together (2015) has set out new and increased expectations on how we identify vulnerable children in North Somerset to provide appropriate multi-agency Early Help responses that meet their needs. This is set out in the North Somerset Safeguarding Children’s Board Threshold Criteria. The provision of early help services is part of a continuum of help and support in North Somerset, responding to the different level of needs of children, young people and families, please visit:  

The North Somerset Threshold document gives clear criteria for taking action and providing help across the full continuum.

**How do I find information about Early Help?**

The Early Help section of North Somerset Safeguarding Children Board website holds many useful documents including user guides and new pdf versions of the Early Help Assessment and the Early Help Plan:  

If you want to ask any questions about North Somerset Early Help process The Early Help Advisor will be happy to work with all agencies and provide support on how to deliver Early Help for a North Somerset family or child. Please, send your queries to:

• Or Community Family Team Education Welfare Officer, Graham Pascoe:
When a child, young person or family is in need of support it is important to identify the best way forward at the earliest opportunity. The Somerset Early Help Assessment (EHA) (Including the multi-agency request tool) helps children, their family and practitioners working with them to clearly record their current situation, strengths and needs, followed by a Team Around the Child (TAC) plan which will help the family to improve their lives.

If a child or young person reveals they are at risk of suffering actual or likely significant harm, the practitioner should follow the local safeguarding process immediately. Please click here to visit Somerset's Safeguarding Children's Board website.

If you require any advice or support with completing an Early Help Assessment, please contact:

**The Early Help Advice Hub:**

**Email:** EHACoordinator@somerset.gov.uk

**Telephone:** 01823 335803

The following information is aimed to guide Lead Professionals working with cross border families or with those moving to a neighbouring county.

**Cross Border families living in Somerset:**

- Please read ‘Effective Support for Children and Families in Somerset – Thresholds for Assessment and Services’ ([www.somerset.gov.uk/SSCBThresholds](http://www.somerset.gov.uk/SSCBThresholds)).
- Please call or email the Early Help Advice Hub to check if there is already an EHA in place for the child 01823 355803 or EHACoordinator@somerset.gov.uk.
- If there is an existing EHA, you will be given contact details for the identified Lead professional.
• If there is no existing EHA, please complete section 1 – 3 of the EHA and send this to the Early Help Advice Hub, before completing the whole EHA with the family. For more information please refer to the Somerset Early Help Assessment (EHA) (including the multi-agency request tool) Practitioner Guidance.

• In order to complete an EHA you must gain consent of the parent or person with parental responsibility for the child. It is good practice to also gain the child’s consent, where you are confident that they understand what they are agreeing to.

Families moving out of Somerset:

• If you are Lead professional for a family who are moving out of Somerset, it is imperative this is made clear to the Early Help Advice Hub at the earliest possible opportunity. The EHA, with the family’s permission, can be transferred to their new local authority. Ensure the family are aware of what will happen next.

• A TAC meeting should be convened at the earliest opportunity by the Lead Professional. The Lead Professional will be expected to attend this meeting for a smooth hand over of services for the family. If the Lead Professional is not able to attend the TAC meeting they should liaise closely with the local authority the family are moving to, to ensure all information has been shared.

Useful contacts and documents:

• Somerset EHA paperwork can be found at: http://professionalchoices.org.uk/eha/

• EHA queries should been directed to: EHACoordinator@somerset.gov.uk or 01823 355803

South Gloucestershire

• Contact Access and Response Team (ART) to discuss whether the family is known to any services already: Tel: 01454 866000 or email Accesandresponse@southglos.gov.uk

• If there is no prior involvement discuss with the Access and Response Team what may be required to meet the needs of the child, young person or family. If needs are unclear or there are more than two agencies involved with the family you may be asked to initiate an Single Assessment Framework early help (SAFeH) with the family in order to develop an integrated action plan across agencies.

• If needs are clear you may be able to make a Request for Early Help to an appropriate service, by completing the ART request for help form.

• You may need to gather more information on the family for the Single Assessment Framework early help, and convene a Team Around the Child or Family (TAC/F) meeting in order to develop an early help action plan. You may contact
• The SAFeh initiator is the Lead Professional until the first TAC/F meeting has happened, when it will be formally agreed who should take on this role.

• Reviews will need to be coordinated by the Lead Professional at regular intervals, and consideration should be given to holding this in the context of a TAC/F meeting, or at the very least with the family. Suggested intervals are usually 6 weekly, to a maximum of 3 months. (dates for the next review should be set at the first meeting and each subsequent review.)

• If you want to attend any South Gloucestershire free SAFeh training contact hrworkforcedevelopment@southglos.gov.uk

4. Transferring an Early Help Assessment / Request when a family moves across boundaries

• Ask the family if they wish to access further support in the new Local Authority in order to share information with new Local Authority. **Consent is required.**

• Make contact with the new host authority and transfer information to the identified person.

• The old host authority should consider the need for convening a TAC/F meeting where required.

• Ensure the child and family are aware of the handover process and are clear what is going to happen next.

• Old host authority will close interventions and the new host authority will record information and take appropriate action.
